

TORCO MOTORCYCLE LUBRICANTS

Power Slide® Chain Lube

Power Slide® is an MPZ® formulated lubricant with extreme wear and rust protection chemistry. Quickly penetrates deep into bushings, pins, bearings and rollers then sets to a stable grease that will not fling off or melt under high temperature conditions. Designed to exceed the demands of high performance and racing conditions.

- Fling free technology Superior anti-wear and anti-rust protection Penetrates deep into bushings, pins, bearings and rollers
- For standard and o-ring chains

PART

831-2010

DESCRIPTION

5.5 oz. (12/ case)

14 oz. (12/ case)

TORCO ACCELERATOR

Torco Unleaded Accelerator

831-2800

Torco Accelerator is not just another fuel additive. It's simply a RACE FUEL CONCENTRATE! With many of the same additives our winning race fuel possesses, Torco Accelerator is a blend of components which will transform the make up of premium pump gas to closely resemble race fuel. Torco Accelerator will lower the end burn temperature which will make your fuel burn more complete thus releasing all of the power that your engine has to offer.

Grease 8oz.Tube

831-2605

Now available in a convenient 8oz. Tube. Torco Multi-Purpose Waterproof Grease is a superior lithium complex grease that offers excellent lubricating properties in the most extreme temperature conditions. This race proven formula is designed to protect against shock loading, extreme pressure and resist water washout. It also features excellent mechanical and chemical stability while providing protection against rust and corrosion. Torco Multi-purpose waterproof grease is compatible with all seals and is recommended for all bearing, linkage and chassis lubrication.

MPZ Cam Lube 5 oz

831-2700

MPZ is a non-melting concentrate of oil soluble molybdenum, phosphorous and zinc fortified with polymers to increase its adhesive strength. Engine Assembly Lube is designed as a pre-lube for cylinders, pistons, wrist pins, cams, plain bearings, ball bearings, roller bearings, journals and gear sets. Cam Lube is a gelled version of assembly lube designed for anti-scuff protection of cam lobes, lifters and other highly stressed valve train components.
