Muffler Type	TCI#	Retail
Powercore IV	500-6300	\$275.95-H
Powercore IV with Spark Arrestor	500-0130 (special order)	\$289.95-H
Powercore IV (Big Bore engines)	500-6301	\$275.95-H

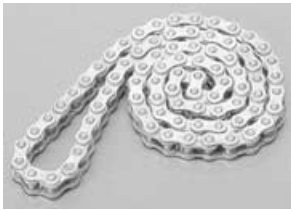

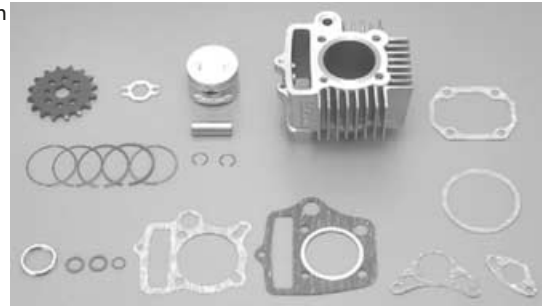

Daytona Big Bore Kit 88cc

534-0002

\$699.95-H

Also includes Cam, Carb and Air filter & Throttle Assembly!

- After many tests, this is the top of the line kit for your bike with out replacing your stock XR50 Head. It includes aluminum cylinder, 52mm piston kit, high camshaft, valve spring set, gasket set, big carburetor kit . Carburetor Kit includes manifold, air filter, cable & throttle assembly.

Cam Chain

534-0011

\$43.95-H

- Heavy Duty
- Thicker link plates than stock chain give approximately twice the strength. Solid cold forged bushing and unique way of attaching prevents bending.

Oil Pump

534-0021

\$79.95-H

- Powerful oil pump is needed for high performance engine. This unit pumps more than enough oil for modified engines.

Performance Carburetor

VM20-273 (special order)

\$108.95-J

MIKUNI 20MM FLANGE TYPE CARB

- Carb Flange requires modification to mount on stock bolt pattern

Air Filters for Mikuni Carb

UNI-FILTER 4" LONG

Fine Foam Filter	582-4182-77	\$22.95-J
Black - Coarse Filer (not for dirt use)	582-4229S	\$25.95-J

Engine Stand

534-0095

\$149.95-H

- Makes engine maintenance a snap. Can be mounted vertically or horizontally.
- Made of Steel, tray not included..

High Flow Air Filters

STOCK REPLACEMENT AIR FILTER

Insert

583-4131

\$9.95-J

CLAMP-ON AIR FILTER (REMOVE STOCK UNIT)

- These are recommended for use with pipe and other performance mods. We suggest that you richen up the carb to handle the extra air flow.

Uni-Filter 3" long Black

582-4112-99

\$22.95-J

K & N 2 1/2" long

562-1380

\$32.95-J

Fly Wheel Puller (Honda XR/ CRF50)

882-0093

45.95-H

- This item is particularly made to remove the flywheel and the inner rotor easily. Works for M27 x P1.0 reverse thread and M20 x P1.5 standard thread.

Clutch Locknut Wrench

882-0094 (special order)

39.95-J

- This special tool is used to remove and install the clutch center nut. Corresponds to the locknut of O.D. 25mm x I.D. 20.8mm and O.D. 30mm x I.D. 24.6mm. Fits 3/8" drive socket wrench. One end for the Z50 clutch nut and the other end for the CT70 nut.

Extended Shift Lever

E83-88061

\$14.95-J

Fits all Z50, XR50 & CFR50
